Education

Dr. A.P.J. Abdul Kalam Technical University, Lucknow

- *B.Tech in Computer Science (CGPA: 7.35)*

Air Force School Chakeri, Kanpur

- *Intermediate (85%)*

Air Force School Cantt, Kanpur

- *High School (84.5%)*

Skills

- **Programming Languages** : Java, Python
- **Database** : MySQL
- **Core Competencies** : Data Structures and Algorithms, Object Oriented Programming, DBMS
- **Soft Skills** : Team Work, Project Management, Communication, Leadership, Public Speaking

Internships

Celebal Technologies Pvt. Ltd. | Summer Intern

May'24 - July'24

- Created a Bank Management System with features like account creation, deposit, withdrawal, fund transfer, and transaction history.
- Leveraged MySQL and Java Programming for system development.

Projects

Bank Management System

Java Project

- Designed and Implemented a Bank Management System that supports account management, financial transactions, and a detailed history of transactions using Java and MySQL.

File Hider

Java Project

- Designed and Implemented a File Hider System that allows user to hide or unhide their files on MySQL database with security features like Email Authentication, Login and Encryption using Java and MySQL.

Certifications

- SQL and Database (Infosys Springboard)
- Core Java (Coding Ninjas)
- Android Development With Java (Netcamp Solutions)

Academic and Extracurricular Achievements

- Solved over 100 problems of Data Structures and Algorithms on [Leetcode](https://leetcode.com).
- Organized Code Fuse a Problem Solving coding event, demonstrating strong leadership, coordination and event management skills.
